THE
ONE HUNDRED AND NINETY-THIRD
ANNUAL REPORT
FOR THE YEAR ENDED 31st DECEMBER, 1928.

YOUR Committee have pleasure in presenting their one hundred and ninety-third Annual Report for the year ending December 31st, 1928.

PATIENTS.

There is an ever increasing demand for Hospital accommodation, and this became so very acute that in spite of the heavy debt of the Institution, your Committee decided to open two wards which hitherto were closed. These were made available for the admission of patients in March last and up to the end of December no less than 328 patients had passed through these wards. They have made it possible to reduce very considerably the list of patients waiting for admission and if finances will permit, your Committee hope to keep these wards open permanently but this can only be done if additional financial help is forthcoming.

The population in the large area (see pages 44&45) served by the Infirmary is growing steadily so that additional hospital accommodation is most necessary. As there is a greater population to cater for, there is, of course a greater population to subscribe and your Committee trust they will have little difficulty in obtaining the extra income required. The great increase in street accidents due to motor traffic is being felt by practically every Hospital in the country, and during the year under review, more than 1,000 such accidents have been brought to the Infirmary, many of whom had to be admitted and this increased the pressure on the beds.

During the year, 8,082 patients were admitted to the wards and 66,319 were attended to in the Casualty and Out-patient Departments. These figures show increases of 841 and 1,223 respectively, as compared with the figures for the year 1927. Of these patients 1,397 were maternity cases of whom 810 were admitted to the wards, the other 587 being attended to in their own homes. As the total births in Bristol for the year were 6,597, it will be seen that 21 per cent. received attention by the Infirmary.

These different figures certainly show how the work done at the Infirmary continues to increase, but they fail to reveal a much more important factor and that is that the number of people who are cured is also very much larger proportionately. The modern treatment of disease and the skilful way in which it is applied to patients at the Infirmary has resulted in saving the lives of hundreds of people who under old methods would have had little chance of recovery.

CANCER RESEARCH.

The work of this department has been continued with very satisfactory results, since many patients who were told a year ago that they had only a few weeks to live, are alive: some with no evidence of the presence of cancer.

No matter how surgery and the technique of radium improve, there will always be a fairly large number of cancer cases only diagnosed when it is too late for such treatment. These people have no alternative except rapid death from morphia or other sedatives. The research was to find a satisfactory treatment for these cases : this has been done : it now remains to improve it still further. The work has been examined by a number of distinguished cancer workers, and is being taken up by other centres, with promising results.

The menace of cancer increases : some causes for this increase are known. At the present time about one out of every eight people who reach adult life will die of cancer. Of the cancer patients who come for diagnosis at the present time, the disease is so extensive in one third of the cases that they are too advanced for surgical or radium treatment. In the interest of humanity something should be attempted to try to help these unfortunate late cases.

Apart from this treatment of late cancer : it is hoped and believed that it will tend to prevent the number of recurrences after operation which are then impossible to treat by other methods.

This system of treatment evolved at the Bristol Royal Infirmary has gone all over the world, and is called the " B.R.I. lead treatment " in America, Asia, Africa, Australia and Europe.

The research work is of necessity costly and funds for its maintenance are urgently required. Your Committee wish to make it known that not one penny has been paid to the Physician in charge of this research work : the whole of the funds received for this purpose are devoted to the work of research and treatment of victims.

Unless funds are forthcoming the work must stop : this would mean that the large number of advanced cases would have to be left to die in great pain. There is good reason to hope that the treatment is capable of being further improved and that a greater proportion of cases will ultimately receive benefit—but for the research to bring about this improvement, money is urgently needed. The more funds are available, the better and quicker can the work proceed. The Bristol Royal Infirmary has produced a treatment which eminent physicians and surgeons have stated is able to do what no other treatment can do—this would appear to be a work worthy of much more adequate financial support, and it would be a calamity if this work were hampered through lack of funds.

MASSAGE.

Massage and electrical treatments have been applied in the treatment of different diseases for many years, but their true value has only been realised within the last few years and consequently, the work done in this department has increased enormously. A few years ago, two or three comparatively small rooms served for the purpose of the few thousand treatments given during a year ; to-day there is a large department, fully equipped with the latest apparatus, working under great pressure. During the year under review 95,652 treatments were given which proved of great benefit to the patients.

INCOME.

The ordinary income amounted to £51,979 as compared with £45,800. in the previous year—an increase of £6,179. There were increases in the

amounts received from annual subscriptions, private nursing department, patients' contributions, private wards and the Bristol Medical Institutions Contributory Scheme, but the chief increase was from Dividends, it being £3,255.

The Bristol Medical Institutions Contributory Scheme was introduced in 1927, and during that year contributions of £1 1s. 0d. per week were paid towards the cost of maintenance for any of its members who were in-patients while they were in the Wards, and in addition a donation of £300 was received at the end of the year. The Scheme has since increased its membership very considerably, and the donation received at the end of the year under review was £1,000, an increase of £700. As the Scheme continues to increase its membership, the annual donation will also increase and your Committee hope that eventually it will be the means of helping to make the ordinary income and expenditure of the Infirmary balance. Many of the workpeople who previously subscribed direct to the Infirmary have joined the Scheme and that accounts for the slight decrease of £82 shown in receipts from Workpeople's Contributions.

EXPENDITURE.

Despite the great increase in the number of beds available and in the number of patients treated, it is satisfactory that there was only an increase of £1,378 in the ordinary expenditure for the year as compared with the previous year, the figures being £61,461 2s. 0d. as against £60,082 15s. 10d. As a result of the economy exercised the average cost per annum of each bed occupied daily was reduced from £156 8s. 9d. to £148 16s. 0d.

EXTRAORDINARY INCOME AND EXPENDITURE.

The extraordinary income amounted to £30,011 10s. 4d., and the extraordinary expenditure to £28,080 10s. 4d. The total income (Ordinary and Extraordinary) was £81,990 11s. 2d., and the total expenditure £89,541 12s. 4d., showing a deficit for the year of £7,551 1s. 2d., but as certain moneys were invested to satisfy endowments the deficit is more apparent than actual. Included in the extraordinary expenditure is an item of £1,384 13s. 2d. for Radium. The Medical Staff considered that it was essential that the Infirmary should possess a certain quantity of radium for the treatment of certain diseases. Your Committee realised that this expense could not be avoided if the Infirmary was to be thoroughly efficient and so sanctioned the purchase of the radium required. For many years radium was hired from the Radium Institute and the charge for the hire was greater than the interest on the capital expended will amount to. Further, when not required for use in the Infirmary it will be let out on hire.

Another special item was for the purchase of the furniture and equipment required for the two wards opened during the year, as mentioned in the early part of this Report.

Your Committee are very pleased to be able to show such a satisfactory balance sheet and hope that it will encourage all interested in the Infirmary. Like any sound commercial business, the work of a Hospital cannot remain stationary, it must either go forward or back. This year's figures substantiate the fact that the Bristol Royal Infirmary has gone forward, both in usefulness and in financial strength.

A detailed statement of income and expenditure will be found on pages 20, 21, 22 and 23, and statistical details relating to patients on pages 34 and 35.

ENDOWMENT.

It is with great satisfaction that your Committee are able to report the receipt of several large donations for endowment purposes. Under the will of the late Dr. R. W. Roberts of Westbury Park, a large sum was bequeathed for the endowment of beds and this has been allocated for the endowment of a Ward containing 9 beds and the Ward has been named "The Dr. R. W. Roberts Ward." A sum of £1,500 was received from Mrs. Sharland, Mr. R. Edwards and Major G. D. Edwards for the purpose of endowing two cots in memory of Mr. and Mrs. H. G. Edwards and of Philip Arthur Edwards. Another donation of £1,500 was received from Mr. S. H. Justin for the endowment of a bed to be named the "Amelia Justin Bed." This is the second bed endowed by Mr. Justin in successive years. A sum of £500 was received from "The Daily Mirror" to endow a "Gugnunc" Cot, and now the many thousands of "Gugnuncs" throughout the country will know that they have a personal interest in the Infirmary. The Bristol Rovers Football Club have given a further donation to complete the sum required for the endowment of the "Bristol Rovers Bed," and in addition have given a donation of £30 19s. 5d. towards the endowment of a second bed. The Bristol Grocers Association have also given a further donation of £92 16s. 0d. towards the amount required for the bed they are endowing. The total amount received from the Association is now £527 16s. 0d. Tablets bearing suitable inscriptions recording these endowments have been fixed on the Ward, Beds and Cots endowed.

Your Committee wish to tender their sincere thanks for these generous gifts which have been invested in trustee stock. These endowments not only serve as a lasting memorial, but also considerably help the Infirmary, and your Committee hope that the inspiring example will be adopted by many others interested in the great work done at the Infirmary for the sick and suffering.

DONATIONS.

Many other large donations were received during the year including the following :—

	£	s.	d.
MR. VINCENT TUCKER, Martock. Proceeds of Whist Drive and Dance	78	8	1
TRUSTEES OF RICHARD REYNOLDS CHARITY	60	0	0
ALVESTON FLOWER SHOW	58	0	0
BRISTOL RUGBY FOOTBALL CLUB	50	0	0
DR. J. E. SHAW	50	0	0
THE PEOPLE OF SENGHENYDD	36	9	0
B.R.I. GOLF COMPETITION	35	15	0
"D.O.T."	30	0	0
THE REV. F. AND MRS. TRACEY	30	0	0

CENTRAL FUNDS.

Your Committee wish to accord their sincere thanks to the Lord Mayor and all connected with the Fund bearing his name, for the very welcome gift of £2,107 4s. 0d. received during the year. The amount was £52 16s. 0d. less than that received in the previous year, but it is hoped that this will be more than made good during the year 1929.

Reference has already been made to the Bristol Medical Institutions Contributory Scheme and your Committee wish to tender their sincere thanks to the Committee of the Scheme for the very valuable help received and to offer them their hearty congratulations on the great success achieved in such a comparatively short time.

GIFTS IN KIND.

Numerous valuable gifts have been received during the year. These have been the means of saving the Infirmary considerable expense. A list of all these gifts would fill several pages, but as they have already been acknowledged in detail in the local press, your Committee are not including them with the report on the grounds of economy. There are a few, however, which call for special attention. Their Majesties, the King and Queen graciously sent a hamper of grapes from Windsor Castle for the patients and the Royal Gift was much appreciated by the recipients. The employees of Messrs. Brecknell, Munro & Rogers, have again shown their active interest in the Infirmary by presenting a microscopic camera costing about £87 for use in the Pathological Department, and another Scialitque Lamp at a cost of about £65 for the Operating Theatres. Each year for several consecutive years, your Committee have had the pleasant duty of thanking Mr. Brooks and his colleagues at Messrs. Brecknell, Munro & Rogers for some valuable gifts which have been received in addition to a generous contribution to the genera' funds.

A Dental X-Ray Apparatus was required for use in the Dental Department. Your Committee were informed that one could be purchased for £170, and that the University of Bristol would pay a quarter of its cost. With his usual generosity, Mr. G. F. Hutchings, who was present at the time, at once offered to pay the difference and his offer was gratefully accepted by your Committee who beg to offer him their sincere thanks.

A number of friends of the Infirmary have, at different times, sent Tin and Lead Foil, commonly known as Silver Paper. This has been sold and up to the end of the year a sum of £32 5s. 0d. has been realised. This collection of Tin Foil was only started during the year under review, and your Committee hope that as time goes on more foil will be sent and as a result, a considerable sum will be realised by its sale. It might be added that this Tin Foil includes capsules from bottles, tooth paste tubes, paint tubes, scraps of toy metal, chocolate wrappers, etc. The foil should not be made into balls but should be kept flat, as it is very much easier to sort and this is essential as a very much larger amount is paid for genuine Tin Foil than for Lead Foil.

LEGACIES.

Substantial bequests amounting to £13,214 4s. 3d. in cash and £10,725 in securities were received. As mentioned in an earlier part of this Report, the amount received from the estate of the late Dr. R. W. Roberts was used for the endowment of a Ward. Details of the bequests received during the year were as follows :—

	£	s.	d.
Dr. R. W. ROBERTS, 2, Forrest Road, Penarth (first instalment)	9,174	12	7

OBITUARY.

It is with very sincere regret that your Committee have to record the death, after a long and painful illness, of Mr. Samuel White, whose generosity to this Institution has called for special mention each year. For a great number of years Mr. White defrayed the whole of the cost of printing the Annual Report, and for the past seven years he gave £100. towards its cost, in addition subscribing generously to the various funds of the Infirmary. Mr. White, although a Vice-President, did not take so active part in the management of the Institution, as did his brother, the late Sir George White, Bt., but he showed a keen interest in its affairs, not only by his generous gifts but in many other directions, and he will be greatly missed by your Committee.

HONORARY MEDICAL AND SURGICAL STAFF.

Your Committee acknowledge with sincere thanks the loyal and valuable service of the Honorary Medical and Surgical Staff. The in-

crease in the number of patients and the modern methods of treating diseases have entailed additional calls upon the time and services of the Staff, but these calls have always been readily and willingly met by every member.

Your Committee wish to offer their congratulations and thanks to Mr. F. Richardson Cross who in September last completed 50 years unbroken connection with the Infirmary as Hon. Assistant Surgeon, Hon. Surgeon, Hon. Ophthalmic Surgeon, an active member of the committee since 1900 and Vice President. Mr. Richardson Cross, who has the distinction of being the first Hon. Ophthalmic Surgeon appointed at the Infirmary, has rendered invaluable services to the Institution and to the City of Bristol during those fifty years, and your Committee hope to have the benefit of his advice and experience for many more years.

During the year, Dr. A. L. Flemming who had held the office of Hon. Anaesthetist for twenty-five years resigned his office upon attaining the retiring age. Your Committee find it difficult to express adequately their appreciation of the services he has rendered the Infirmary. The successful administration of anaesthetics plays a much more important part in surgery than is generally realised.

During the year under review the following appointments on the Honorary Medical and Surgical Staff have been made.

Dr. W. S. V. Stock, who was previously Honorary Assistant Anaesthetist has been appointed Honorary Anaesthetist.

Mr. E. Watson Williams, who previously held the office of Honorary Assistant Surgeon to the Ear, Nose and Throat Department has been appointed Surgeon to that Department.

Mr. J. Angell James, who was Honorary Registrar has been appointed Honorary Assistant Surgeon to the Ear, Nose and Throat Department.

Your Committee hope they will be able to have the active services of these gentlemen for many years.

NURSING STAFF.

Miss E. L. Long, who was Assistant Matron from May, 1927 to August, 1928, left here to take up the appointment of Matron of The Royal Infirmary, Huddersfield. She carries with her the best wishes of all connected with the Bristol Royal Infirmary in her new work.

Miss F. E. Perry has been appointed Assistant Matron in her place.

During the past year 48 Pupil Probationers have passed out of the Preliminary Training School and entered the Infirmary for Nursing Training.

Thirty-nine Nurses completed the full term of three years' Training, and were awarded Certificates ; thirty-six joined the Private Staff, and three left the Hospital.

Forty-five Nurses sat for the Final State Examination and all passed.

The Private Nursing Staff have been very busy during the year.

Midwifery Department.

During the past year thirty-five Nurses completed their Midwifery Training, and they all gained the Certificates of the Central Midwives' Board; thirty-one of these Nurses were Bristol Royal Infirmary trained, and four came from other Hospitals.

Massage Department.

During the past year thirteen Students, three Educational Students and two Student Teachers entered the Massage School for Training.

Examination Results.

Ten Students entered for the Chartered Society of Massage and Medical Gymnastics' Conjoint Examination and all passed. Miss H. M. Stampe gained the only Distinction granted by the Society during the year, and two other Students gained first and fourth places in Anatomy and Physiology.

Three Students entered for and passed the Society's Examination in Medical Electricity.

BABY SHOW.

Another successful Baby Show was held on August 8th, this being the Fifth Annual Show. Like its predecessors, it was most successful, the number of entrants being 230. As on previous occasions, the prizes were kindly provided by friends of the Infirmary.

CONVALESCENT HOMES.

The value of Convalescent Home treatment is very appreciable and many of the patients had the benefit of spending a short time at one or other of the Convalescent Homes before returning to their homes. The greatest number were transferred to the Queen Victoria Jubilee Convalescent Home, 842 being sent to that Institution where they derived considerable benefit from the care and attention received. Your Committee wish to record their thanks to the Committees of each of the Convalescent Homes to which patients were transferred from the Infirmary.

LADIES' NEEDLEWORK GUILD.

The cost of providing the numerous articles of soft goods required in the Infirmary is very considerable and but for the very valuable help received from the Ladies' Needlework Guild, this cost would have been much greater. The Guild is a source of real help to the Infirmary and your Committee wish to accord their sincere thanks to every member of it. The Annual Report of the Ladies' Needlework Guild will be found on pages 137 to 140, and a perusal of it will show the extent of its activities on behalf of the Infirmary.

SEWING PARTIES.

These also help the Infirmary in no small way by making and repairing all kinds of articles. This work is cheerfully undertaken regularly each week by the Sewing Parties and your Committee most heartily thank every member of the different Parties for their very valuable help.

COMMITTEE.

The following members retire under Law 22, but are eligible for re-election :—

Miss F. G. Robinson, Mr. F. C. Burgess and Mrs. H. A. L. Harford.

CONCLUSION.

In conclusion, your Committee desire to thank all who have helped the Infirmary, either by subscribing to its funds or by assisting in other ways.

Attention has been drawn in an earlier part of this Report to the economical manner in which the Infirmary has been managed and your Committee desire to pay tribute, as in previous years to the untiring efforts of all those who are working for the benefit and welfare of the Infirmary. By their loyal support all have shown interest in the success of the Institution and in the welfare of the patients.

REPORT OF WORK DONE IN THE ALMONER'S DEPARTMENT DURING 1928.

The seventh year of work in this department has now been completed, the arranging and collecting of contributions given by both In-patients and Out-patients being a great part of the work. No patient is ever refused treatment on account of inability to contribute. A very large number of both In-patients and Out-patients gave no contribution, this being due, chiefly, to unemployment.

The contributions received during the year amounted to £9,528 8s. 6d., of which amount £800 4s. 6d. was received from Approved Societies, £168 12s. 0d. from Public Authorities, and £2,546 10s. 8d. from Contributory Associations. The total amount contributed by or on behalf of Out-patients was £1,974 12s. 6d.

During the year, 1898 In-patients gave less than 10s. a week, 978 gave 10s. or more a week, and 1,721 gave 21s. or more a week; the others did not contribute anything. In a number of instances the 21s. a week was contributed by the Bristol Medical Institutions Contributory Scheme or by Hospital Funds raised by employees of local firms, and did not come directly from the patients.

It was found that 45 patients were unsuitable from a financial point of view for hospital treatment, and these made other arrangements.

BRIEF SUMMARY OF ASSISTANCE GIVEN TO PATIENTS.

Number supplied with Instruments	334
„ sent to Convalescent Homes...	59
(This does not include those sent to the Queen Victoria Jubilee Convalescent Home)								
Number sent to Orthopædic Hospitals	5
„ „ suitable Homes or Employment	9
„ referred to Bristol Crippled Children's Society	18
„ „ or sent by Civic League	15
„ „ „ Clergy	35

„ „ M.D. Authorities	2
„ „ T.B. Authorities	6
„ assisted by Employers	24
„ „ Approved Societies	29
„ „ United Services Fund	10
Arrangements made for help to patients	167

The after care work occupies considerable time, but is made easier by the willing co-operation of outside agencies to whom appeals for help have been made. The number of patients sent by the Almoner to Convalescent Homes has increased, and Subscribers' "Notes" are very necessary for the use of both In-patients and Out-patients of the Infirmary. The Almoner would be most grateful to any Subscriber to these Homes who would send her "Notes" for this purpose.

Thanks are due to the Bristol Crippled Children's Society, the Guild of the Handicapped, the Civic League, the United Services' Fund, the Royal Surgical Aid Society, the National Society for the Prevention of Cruelty to Children, Bristol Patrol and Women's Aid Association, Bristol and neighbouring Boards of Guardians, Medical Officers of Health, Bristol Education Committee, Clergy and Relief Committees, Ambulance Corps, the Royal West of England Sanatorium, the Herbert Convalescent Home, Weston-super-Mare, the Belmont Home, Clevedon, and Rosehill Children's Hospital, Torquay.

Voluntary assistance in the work of this department has been given by Mrs. Hampson for the past three years, and her practical help has been greatly appreciated.

EDNA F. KING,

Almoner.

THE ATTENTION OF SUBSCRIBERS IS DIRECTED TO THE
FOLLOWING EXTRACTS FROM THE LAWS AND BYE-LAWS.

PRIVILEGES OF SUBSCRIBERS.

A Donation of not less than **Thirty Guineas** entitles the Donor to become a Life Governor, and to recommend for such Donation, Two In-Patients and six Out-Patients during each year of his or her lifetime.

An Annual Subscription of not less than **Two Guineas** entitles the Subscriber to become a Governor, and to recommend One In-Patient and Three Out-Patients in the course of a year.

An Annual Subscription of **One Guinea** entitles the Subscriber to Three Out-Patient Notes.

No Governor whose subscription for the preceding year is unpaid is entitled to vote at any Board or Committee, or to recommend Patients.

PRIVILEGES OF WORKPEOPLE.

Any body of subscribing workpeople is entitled to Notes of Admission according to the scale for Annual Subscribers.

Any body of workpeople, employed at one works, subscribing not less than **Twenty Guineas** per annum, shall be entitled to elect from among themselves a Works Governor and an additional Works Governor for every **Fifty Guineas** subscribed over and above the first Twenty Guineas.

The Works Governors shall meet periodically and at their first Meeting in each year they shall nominate four of their number as members of the General Committee.

ADMISSION OF PATIENTS.

All In-Patients, with the exception of really necessitous cases, will be asked to contribute towards the cost of their maintenance.

All Out-Patients, except the really necessitous cases, will be asked to contribute 1/- for each attendance, but no patient will be asked for more than 2/- in a week.

All insured patients are required to bring a note from their Panel Doctor stating that in his opinion Out-Patient Hospital Treatment is necessary, and such insured patients will be asked to contribute the same as other patients.

Any contributions made by patients are towards the cost of Maintenance, and no part of their contributions is in return for Medical Services.

Patients who are unable to or do not make any contribution will be attended free as hitherto.

Only such persons shall be admitted as In-Patients who are unable to pay in full for advice, medicine and support during their illness; and Out-patients shall be such only as are unable to pay in full for advice and medicine. They must bring a Subscriber's letter.

All the wants of In-patients are supplied, except the washing of their personal linen.

Cases of emergency and casualties are at all times admissible without any recommendation.

Two relatives or friends may visit patients (by admission ticket, obtainable from the Sister of the Ward) on Sundays, 3 to 4 p.m.; Tuesdays and Thursdays, 3.30 to 4.30 pm., Wednesdays, 6.0 p.m. to 7.0 p.m. Visitors admitted to Children's Ward on Sundays and Tuesdays only, and under special conditions.

No Nurse or Servant shall, on any pretence, accept money or any reward from patients or their friends.

Note.—Patients from a distance cannot be sure of admission unless definite arrangements have been made beforehand, and a Report from their Doctor of their condition, together with name, age, and sex, has been received. They must bring a Subscriber's Admission Note for In-Patients.

Subscribers desiring to visit patients at other than the appointed times (but only between three and six p.m.), should apply to the Senior Resident Medical Officer or to the Secretary and House Governor.

PRIVATE WARDS.

A limited number of single and two-bedded Wards are reserved for private paying patients. Full particulars may be obtained from the Secretary and House Governor.

BRISTOL ROYAL INFIRMARY.

The continued interest taken in the Needlework Guild was shown by a large attendance at the Annual General Meeting and Exhibition of Work, held on 21st March, 1929.

Her Grace the Dowager Duchess of Beaufort was abroad, consequently Miss Robinson took the chair.

We have had a successful year's work which has greatly relieved the Funds of the Bristol Royal Infirmary, but we have not quite reached the high level of previous years, chiefly for three reasons :—

1. On account of the enormous amount of unemployment and slackness of work in many districts.
2. The terrible weather of the first three months of the year.
3. Last, but by no means least, such a terrible amount of illness and consequent sadness in the surrounding districts.

The Public will like to know that some employees of Messrs. W. D. & H. O. Wills' work at the Bristol Royal Infirmary every Monday evening from 7—9 p.m., after their day's work at the Factory. The number of articles made by them last session was 1,656.

The work sent in this year was remarkable for its excellent quality, and it is important that all contributors should realise that quality is almost more important than quantity.

STATEMENT OF ACCOUNTS.

From 1st April, 1928, to 31st March, 1929.

[illegible]

THE GUILD EXISTS.

- (1) To supply one of the most pressing needs of the Bristol Royal Infirmary : the provision of new linen for the beds, and garments for the patients.
- (2) To save the General Fund the expenditure necessary for this purpose.
- (3) To give those who are anxious to assist in this good work an opportunity for helping the Infirmary in a practical manner.

Articles needed are :—

Linen Sheets	Round Towels	Locker Cloths
Blankets	Huckaback Towels	Night Shirts
Pillow Cases	Table Cloths	Night Dresses
Cot Sheets	Tea Cloths	Red Flannel Jackets
Draw Sheets	Dusters	Flannel Shirts
Quilts	Lavatory Cloths	Screen Covers

For particulars see booklet.

Each Member subscribes not less than 1/- annually, and provides two or more articles ;
and each Associate subscribes 6d. and provides one article.

NOTE.—An increased membership is needed, and ladies willing to help are cordially invited to communicate with Lady E. H. Cook, Hon. Secretary, 40, Alma Road, Clifton ; or to Miss Johnston, Bristol Royal Infirmary, who will be glad to send the Annual Report of the Guild giving particulars, together with a list of the Town and Country Branches, and answer any enquiries that may be desired.

HIRE A

“Bristol”

MOTOR COACH

FOR YOUR

SUMMER OUTING

“Bristol” Motor Coaches are absolutely safe on hills, smooth riding on rough roads, driven by experienced and careful drivers, and always maintained in perfect mechanical order.

“Bristol” Coaches will go anywhere, at any time, and will bring you back home at whatever hour may suit you. You will be sure of a thoroughly enjoyable day's outing if you hire a “Bristol” Motor Coach.

Coaches are available with seating capacity of 20, 26, 27 and 31, and owing to the great demand advance booking is always advisable.

BRISTOL ROYAL INFIRMARY, 1912.

By Permission of John Wright & Sons, Ltd., Bristol, from "A Century of Publishing and Printing, 1825-1925."
THE BRISTOL ROYAL INFIRMARY.

FOUNDED IN 1735

The original building to the right of the illustration has been added to from time to time, the last and largest extension being the King Edward VII. Memorial Wing shown on the left of the picture which was opened in 1912 by their present Majesties the King and Queen. Improvements are still being made in order to comply with the most modern requirements of medicine. At the present time there are 395 available beds. Special departments are provided for Maternity, Ophthalmology, Ear, Nose and Throat Diseases, Dermatology, X-Ray, Deep Therapy, Electro-cardiography, Massage, Electrical, Ultra Violet Rays, Radiant Heat, etc. During 1928 1,397 maternity cases were attended, being about one out of every six babies born in Bristol. Number of In-patients in 1928, 8,082. Number of Out-patients, 67,819. Attendances, 277,097. Ordinary Expenditure, £61,461. Ordinary Income, £51,979. Deficiency, £9,482. These figures show how great the need for increased voluntary support.

METAL LEG or ANGLESEY LEG—WHICH ?

THE PROBLEM SOLVED

During recent years the Metal Artificial Leg has gradually ousted the Anglesey Leg amongst limb wearers because of its undoubted advantages in weight and simplicity of construction.

None the less, the Metal Leg has frequently been a disappointment to its wearer, owing to its lifelessness and the restriction and stiffness of its ankle action when compared with the natural, easy movement of the Anglesey Leg.

MASTER'S NEW MODEL METAL LEG, fitted with internal tendon, represents a distinct advance in Artificial Limb construction, in that it combines the lightness and simplicity of the early type of metal leg with the naturalness and grace of the Anglesey.

To the Benevolent

When Making their Wills.

BUT for the thoughtful generosity of deceased friends of the Bristol Royal Infirmary the Institution must have closed its doors years ago. Kindly remember the Bristol Royal Infirmary in your Will and thus add your name to the List of Benefactors of the oldest and largest Charity in Bristol and the surrounding Counties.

Form of Bequest

I give and bequeath to the Bristol Royal Infirmary to be applied to the general purposes of the Institution, the sum of.....Pounds, free from Legacy duty and other deductions. And I further direct that the receipt of the Treasurer for the time being of the said Institution shall be a sufficient discharge for this legacy.
